About this Report

This report is based on the completion of Wave® Performance 360 which explores performance in a number of work areas.

The results are based on the responses of Chris Park (the assessee) and the raters' evaluation of the assessee's performance at work.

Since the results are based on an evaluation of performance made by Chris Park and the other raters, they reflect the assessee's own perception and the perception of the raters. The results should only be regarded as an indication of the assessee's past performance. Our extensive research has shown that these ratings can be a good measure of work performance from the perspective of different stakeholders.

It should be remembered that the information contained in this report is potentially sensitive and every effort should be made to ensure that it is stored in a secure place.

This report was produced using Saville Assessment software systems. It has been derived from the results of an assessment completed by the assessee and the raters and reflects the responses they have made.

This report has been generated electronically. Saville Assessment do not guarantee that it has not been changed or edited. We can accept no liability for the consequences of the use of this report, howsoever arising.

The application of this assessment is limited to Saville Assessment employees, agents of Saville Assessment and clients authorised by Saville Assessment.

Introduction

Assessee and Raters

The results provided by the assessee and each group of raters in this report are each represented by a different shape. The number of individuals in each rater group is shown below in brackets.

- Boss (1)
- Self (1)
- ◆ Peer (3)
- ⬡ Report (3)

Behavioural Profile

The overarching Wave® model has different levels of detail with one page in this report devoted to each behavioural cluster at the highest level ([Solving Problems](#), [Influencing People](#), [Adapting Approaches](#), [Delivering Results](#)). Each page is split into three sections which in turn cover three dimensions each. This profile displays the results based on the 36 behavioural dimensions.

Summary Profile

The first part of the Summary Profile covers global ratings on: [Applying Specialist Expertise](#), [Accomplishing Objectives](#) and [Demonstrating Potential](#). The second part indicates the overall summary across all behavioural dimensions.

Behavioural Profile Overview

The Behavioural Profile Overview shows the combined effectiveness scores for the 12 behavioural sections and 36 behavioural dimensions. The combined scores are based on averaging the results of the rater groups. Arrows indicate where there are differences in the ratings for the 12 behavioural sections between individual raters.

Rater Comments

The final section presents any comments made by the different raters about Chris Park's performance at work.

Profile Breakdown

The results show the ratings on the 'Extremely Ineffective' to 'Extremely Effective' inventory scale. Each rater group is indicated by a different shaped marker as shown on the previous page.

The position of each shape on the scale indicates how the person being assessed was rated in each area. Where there is a difference between raters in a group, this is indicated by arrows either side of the marker.

Example:

In the example above, the assessee's Boss rating was fairly effective on 'Managing Projects' and the Self rating was fairly ineffective. The Peer ratings ranged from fairly effective to extremely effective and the aggregate Report ratings ranged from very ineffective to very effective. Finally, the Other ratings were fairly effective.

Chris Park needs to do less of...

Boss 1:	sometimes Chris's passion for an idea can mean being less receptive to other ideas or other ways of doing things. Chris is also not afraid to challenge and question which can make some people feel uncomfortable about making alternative suggestions
Self 1:	No comments were made
Peer 1:	Chris's high levels of enthusiasm often seem like he's taking over and stifling the creativity and capabilities of others. Chris's unwavering belief in particular projects can sometimes come across as arrogant to colleagues and new clients and end up alienating those around them.

Other 2:	No comments were made
Other 3:	Reacting negatively to feedback

Rater Comments

Chris Park needs to improve at...

Boss 1:	focusing more on leading and motivating the team - understanding their needs and supporting them and the wider team to help achieve collective goals; this will, in turn, help Chris achieve more personal success. Embracing feedback as an opportunity to become an even better leader rather than viewing it as criticism
Self 1:	No comments were made
Peer 1:	As an extremely creative person Chris can overlook the financial and commercial implications of new ideas and they may practically impact the team and the business more widely.
Peer 2:	Listening more in meetings rather than thinking about what they want to say next. Finding ways to make people feel that their views matter.
Peer 3:	No comments were made
Report 1:	Chris doesn't always see the impact on resourcing when bringing new ideas to the team - it would be beneficial, therefore, to further develop their commercial understanding.
Report 2:	Giving the team more encouragement and valuing what we do; having regular meetings to get a better idea of what's going on in the team and have more awareness of issues.
Report 3:	Chris needs to take more responsibility for decision making within the team and not pass the blame when under scrutiny.
Other 1:	Being more open to asking for feedback early on from key stakeholders who bring expertise and experience in different areas to those of Chris - this will help avoid finding critical issues in the latter stages of a project.
Other 2:	Focusing more on longer-term strategy and the commercial viability of different solutions.
Other 3:	Attention to detail - often rushing things through when forward planning could have avoided timeline issues.
